# OUR CHARITY PARTNER

One Feeds Two is a non-profit charity that, through its partnership with food companies, is creating a movement to give nutritious school meals to children living in some of the poorest places in the world.

For every guest we cater for, we donate the cost of a school meal to a child living in one of the world's poorest communities via our charity partner, One Feeds Two.

Born from the idea of using hunger to end hunger, we are delighted to be partnering with such an incredible charity and doing our part to help end the cycle of poverty. When you book your event catering with us, you can now feel even better about your choice knowing that you've done something good.

One Feeds Two has already donated over 18 million meals to hungry children and counting. If you're interested in finding out more, please head to their website:
